

The nightly tirades by Mark Hyman against the Democratic candidates and in favor of the Republican candidates is a completely one-sided unrelenting biased presentation. I understand that local stations should have the right to editorialize; however, Sinclair has focused these editorial comments so that every day is a repeat of the same theme. In addition, there is absolutely NO attempt to provide discussion or even recognition of another viewpoint.

Now, Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is another clear example of the dangers of media consolidation. This decision is blatantly political and does not serve the public interest.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter. Our local news has been severely curtailed since Sinclair has taken over WLOS.

I have become more and more disgusted with the news coverage ever since Sinclair has taken over WLOS. I urge you to NOT renew Sinclair's license for that station or any other.
